

ROCK JUNIOR

ARCO JUNE 9/10 2007

ROCK JUNIOR will be the meeting for all young climbers from all over the Europe:
the youth national teams, which will compete in the Under 14 Cup.
but also,
the young climber can compete in the Kid's Rock, competition for all the kids, beginners also, from 5 to 13.
and more
all the kids will play climbing on little towers, play on tibetan and net bridges and on inflatables climbing towers.
without forgetting ... parents
mothers and fathers: they will be able to compete with their children in the Family Rock.
Rock Junior will also be the possibility for young climbers to visit the natural rock area around the Climbing Stadium, to be accompanied along educational trails in the nature.
Rock Junior will finally offer the possibility to the Youth Team members, with the medical support of the University of Perugia, to test their physical capacities, in order to realise, under the guidance of specialised doctors, that is more performant (and safer) to know and work on ourseleves than use doping.
